PROFILE

My name is Muhammadcharif Binlateh, I am graduate in Computer Science with a passion for creating responsive, user-friendly websites. I am always eager to learn new technologies to improve my skills. In addition, I am ready to provide technical assistance within the organization, and I look forward to growing in the field of web development.

WORK EXPIRENCE

- **BRK Inter Transport Company Limited** — **Oct 2025 - Current**
  IT Programmer
  - Built and maintained internal systems, both frontend and backend
  - Designed and developed internal systems such as document management systems, vehicle booking systems, issue tracking systems, chat systems, and improved features based on user requirements.
  - Supported and troubleshot basic computer software, hardware, and network issues.

PROJECT

- **Recipe App**
  Vue.js , Express , Node.js , MongoDB, TailwindCSS
  - Developed a full-stack recipe app with JWT authentication, RESTful API, and responsive design using Vue.js, Node.js/Express.js, and MongoDB.
  - Implemented secure user login and access control using JWT tokens to protect information and verify user permissions
  - Used MongoDB to store user and recipe data, with Mongoose to ensure data accuracy
  - Designed a user-friendly interface that works smoothly on all devices (phones, tablets, computers) using TailwindCSS
